MW900	
Working Area (mm)	900 x 600
Loading Capacity (kg)	50
Tank Capacity (L)	30
Electricity (V / Phase / Hz)	220 - 380 - 415 / 1 - 3 / 50 - 60
Pump Pressure (bar)	1,5
Pump Capacity (L / min)	20 - 30
Pump Quantity and Power	1 pc. x 0,5 Hp
Heater (kW)	4,5
Washing Brush	s
Air Gun	s
AlSi430 Stainless Steel Material	s
AlSi304 Stainless Steel Material	o
AlSi316 Stainless Steel Material	o
Packing Size and Weight (mm - kg)	900 x 600 x 1100 - 110 kg

s standard o optional

SPECIFICATIONS

- Stainless Steel Body
- Developed to save water, detergent and energy
- Minimum water consumption by closed circuit water cycling system
- Heated water (solution) dispensed through brush to the part
- A water level sensor is used to protect the pumps and heater against dry running
- Heating elements are made of special material incoloy alloy
- European Electrical and Technical Components
- High-performance and reliable European Pump

WORKING PRINCIPLE

The Manual Washing Series is designed to clean small and complex parts in the fastest and most effective way. Thanks to the special brush of the Manual Washing Series, it effectively cleans even the smallest areas. Thanks to its special small design, the MW900 takes up very little space.
